

DANIEL F. LAFEAN DIES

ON NORTH BROAD ST. CITY OF PHILADELPHIA.

During His Service in Congress the Handsome Post Office Was Secured for Gettysburg.

Daniel F. Lafean.

to Atlantic City for a brief vacation. Mr. Lafean represented the old 20th congressional district, York and Adams counties, for five consecutive terms, ten years, from 1903 to 1913, and he was also a representative-at-large from Pennsylvania in the congress, for two years, from 1915 to 1917.

He was appointed banking commissioner on April 24, 1917, by Governor Martin G. Brumbaugh, serving three years.

Mr. Lafean was a member of St. Paul's Lutheran Church, York, and was affiliated with the Masonic and other fraternities. At the time of his death he was president and treasurer of the Keystone Color and Mica Company, an industry established by him in recent years; treasurer of York Card and Paper Company; president of the York Telephone Company; member of the boards of directors of the York Railways Company, the Hanover Wagon Company, and was otherwise interested in the business life of the community.

Mr. Lafean began life as a clerk in a store, then was offered a clerkship in the confectionery plant of Peter C. Wiest. In 1878 he became a partner of his employer in the candy business. In 1883 he obtained a third interest. In 1892 Mr. Wiest retired and a company was incorporated and Mr. Lafean was the first president and treasurer. In 1898 the company acquired a Philadelphia candy company and the American Caramel Company was formed. Mr. Lafean being the first president. In 1900 the Lancaster Caramel Company was bought and the business had grown to large dimensions.

In 1882 Mr. Lafean was married to Miss Emma Krone, of York. The Krone family had formerly been residents of Adams county. There are three children, all sons, Stuart B., LeRoy and Robert H. Lafean, of York, who with his widow and five brothers, John R., Jacob, Charles, of York; Edward C., of Pittsburgh, and A. H. Lafean, of Minneapolis, and two sisters, Mrs. Clarence A. Geesey and Miss Laura Lafean, both of York, survive him.

Mr. Lafean's name will always be associated with the handsome Post Office building in Gettysburg. It was during his service in Congress the appropriation was made for the building and only after strenuous efforts on his part. Having obtained the appropriation he succeeded in increasing the amount to provide for the white granite building as a memorial of the nation at Gettysburg.

Charles S. Speese, a highly respected citizen of the town, died at his home on Hanover street Monday evening after a short illness from septic pneumonia aged 57 years, 2 months and 12 days. He was born and raised in Gettysburg and spent almost his entire life here. In his boyhood he learned the carriage building trade with an uncle in Chambersburg, but returning to Gettysburg was engaged for years with his father in the operation of the Speese Crockery Works on Seminary Ridge. After the death of his father, Charles Speese acquired the old brick yard east of town on the Lincoln Highway and there he built and operated the Speese Tile Works for many years. He was in the pottery and tile business for 37 years. He became associated with Edward Pfeffer in the operation of his plant and about three years ago sold his interest to Mr. Pfeffer and since then had been the manager of the supply and stock room of the Reaser and Gettysburg Furniture Companies, holding this position at his death. He was a Democrat in politics and for fifteen years served the borough as a school director, part of the time as president of the board and at time of his death was the vice president. Mr. Speese married Miss Mary Catherine Hollebaugh 35 years ago and she died about three years ago. He was a member of St. James Lutheran Church and Sunday School and was an active worker in both. He was a

member of the Odd Fellows, of the American Mechanics, the Eagles, and the Royal Order. Mr. Speese is survived by his mother, Mrs. Margaret Ann Speese, who is in her 84th year, and the following daughters: Mrs. Frank Motzka, at home; Mrs. Allen Chamberlain, of Lafayette Hill, and Mrs. Earl Streig, of Pittsburgh. Funeral services were held Thursday, conducted by Rev. Dr. J. B. Baker, with interment in Evergreen Cemetery.

Mrs. Rose Jane Stewart Annas, widow of the late James Cockran Annas, died at her home in Emmitsburg on Thursday of last week after a brief illness. She was aged 81 years, 3 months and 6 days. She had taken a slight cold which quickly developed into pneumonia. She was a native of Frederick county and lived in Emmitsburg ever since a girl. The funeral was on last Saturday. Hospital Board Meeting.

The Board of Directors of the Annapolis M. Warner Hospital met in their regular monthly meeting last Friday evening and greater part of the session was devoted to reading of reports. The Superintendent's report for the preceding month gave the usual information of admissions and discharges, operations, etc.

Dr. J. McC. Dickson of the surgical staff of the hospital presented a report of that department for the year, and covering deaths following operations and non operative deaths and gave the per cent as a fraction over five per cent, which was said to be excellent. Recommendations for purchase of new appliances as soon as the finances permitted were made.

Dr. Henry Stewart made a report of the laboratory work done in the year and also recommended purchase of new apparatus for this department.

The reports as to recommendations for appliances were referred to the superintendent and Hospital staff for a report to the Board of Directors.

The matter of marking the rooms with the names of churches and organizations furnishing the rooms was given final consideration. Two plans had been under consideration, either a bronze tablet in the main hall, indicating donors and rooms, or individual markers on the doors of the room. This latter method was agreed to and will be immediately followed out.

The matter of a financial report for the year had not been worked out, by reason of the fact that only about April 1, Dr. Baldy of the Welfare Department at Harrisburg sent out statements and accounts, uniform for all hospitals and it was necessary to fill out the same and a state officer was expected to give aid in the preparation of the same. This report to the Welfare Department will make certain the amount of the appropriation of \$2500 will receive and it looks from all light on the subject that the full amount will be needed to break even on finances.

Hold Up Men Found Guilty

Eugene C. Lerew and Cletus Clepper, both of near York Springs were found guilty in York county on Tuesday on the charge preferred by Joseph Myers and Elwood Myers of holding them up and robbing them of \$125.

The hold up took place on night of Oct. 26, 1921 when Joseph Myers and Son alleged they received from Eugene C. Lerew and Cletus Clepper \$120 for damages caused two months prior, when the car of Clepper ran over and injured Myers' son. The settlement took place in a shed at Clear Springs. After receiving the money, Myers and his son started for home and in a few minutes were stopped by two masked men, who demanded money. At first Myers refused but when the men drew revolvers and a shot was fired he handed over the \$125 just received. The hold-up men ran to an automobile and escaped. Mr. Myers identified the masked men as Lerew and Clepper. The jury took 20 minutes to find them guilty and they were held in \$3000 bail pending disposition of a motion for a new trial.

Fire Equipment for Orphanage

The Goodwill Fire Company of York, having as chaplain Rev. S. H. Stein pastor of Trinity Reformed Church, has presented to the Hoffman Orphanage all their old equipment, which had been replaced by new apparatus, including ladders and fire extinguishers. The deal was in fact a purchase for \$1, the authorities concluding it would be better to dispose of this way than sell it. With the chemical truck recently purchased the Hoffman Orphanage is becoming better able to handle any fires that may break out.

As to the Battle's 60th Anniversary

A. B. Plank, president of the Chamber of Commerce has appointed a committee composed of Robert C. Miller, Hon. E. P. Miller and J. D. Keith to ascertain through conferences with Pennsylvania's United States Senator Pepper and Congressman Brooks whether support can be obtained from the Congress to back a Sixtieth Anniversary of the Battle of Gettysburg July 1, 2, and 3, 1923. The help of the State can not be obtained until the next Legislature meets. Whenever assurances can be had that Congress would look favorably upon the proposition, there will be a local organization to push the plans and work of making ready.

SOME POLITICAL DOINGS

THE DRAWING IN HARRISBURG FOR POSITION ON TICKET.

The Rift in the Political Life of the Adams County Republican Organization.

At the drawing for position on the Democratic Primary ticket at Harrisburg, as to the Legislature, Otis G. Baughman, of Gettysburg, drew first place, Grover C. Myers, of Tyrone township, second place, D. Calvin Rudisill, of Mt. Joy township, third place, and Elmer B. Lau, of East Berlin, fourth place, and the ball of politics will keep rolling from now to May 16, when the Democratic people will determine who shall have first place, with his name on the fall ballot. This is the only contest among local candidates, for any position on the ticket.

There will be a contest on the State Democratic ticket for Lieutenant Governor and all Democrats should know the facts when they come to vote for candidates for this office.

Charles D. McAvoy is the man recommended by the Committee of 72 for Lieutenant Governor. The judgment of this committee has been accepted and acquiesced in as to all recommendations but this one. Robert E. Pattison, Jr., son of ex-Governor Pattison, should not have allowed his name to go on the primary ticket. Young Pattison attended the Harrisburg meeting at which the Committee of 72 was named. He and his friends were given every opportunity and consideration. His position should have been one of harmonizing instead of kicking, and there is no use of giving any comfort to kickers. It is always making trouble for the party. The third candidate for the same position, Bracken, is a Republican, and he needs absent treatment as far as Democrats are concerned.

Is there a rift in the political life of the Republican organization of Adams county, with Republican County Chairman R. C. Miller backing Alter for Governor, and Republican County Secretary Geo. W. Baker ringing the changes for Pinchot? Here is the political announcement of Secretary Baker given to the press this week:

"Having been asked by a number of my friends as to whom I shall support for the Republican nomination for Governor at the coming Spring Primary, I take this method of declaring myself in favor of the candidacy of the Hon. Gifford Pinchot.

"As an organization Republican I have always followed a leadership which I believed to be wise and consistent with the best interests of the Republican party in so far as the Republican party served the best interests of the County, State and Nation.

"As an organization Republican in the present contest for the nomination of a Republican candidate for Governor, I believe that the Republicans can best serve the interests of the State by nominating Mr. Pinchot, who is presenting his brief to the people for their approval instead of by nominating the man who has had his brief thrust upon him by a set of men who are recognized as being responsible for the deplorable condition of the finances of the State, as well as being responsible for the unspeakable methods employed to drive the Hon. John S. Fisher from the contest for the Republican nomination for Governor.

"In taking this position I challenge any person to question my 'regularity' as a Republican and at the same time I invite all self-respecting Republicans to join me in an honest effort to conserve the time-honored principles of the Republican party under a wise leadership by putting Adams county into the Pinchot column on Primary Election Day, May 16th.

Miller and Baker have been political Simeze twins, both twirling and tangling the same old organization tunes at the same time on the same old lute. Are they fighting now? Or is it all a game? Are they only winking the other eye at each other? They all made a bad guess a few weeks ago by being for Sproul's banking commissioner. Fisher against Sproul's attorney general, and there being two candidates now in the field are the twins playing safe, one for Alter and one for Pinchot, and whichever it is the twins win? Or will one be up a tree and the other safe on soil? Time will tell. Meanwhile the Pinchot-Alter music sounds like very much of a discord.

Milk Association Meetings.

Considerable interest in the milk problems in the county has been shown by the dairymen at their meetings held during the past three weeks. The meetings for next week are:

Monday night, April 24, at Koser's Warehouse, Biglerville. Tuesday night, the 25th, at the hotel in New Oxford, and a county-wide meeting in the Court Room at Gettysburg on the evening of the 26th. Dairymen from all over the county are urged to be present at the Gettysburg meeting.

"Clarence" Promises To Be a Treat

The chart for the benefit play to be given on April 26, by a number of young folks of town for the Fire Company, was opened on Thursday morning and the tickets are selling very well. The four act Comedy "Clarence" by Booth Tarkington has been selected and rehearsals are held daily, under the direction of Earl Stallsmith and Miss Mary Ramer. This clever comedy will be ably handled by the following cast: Mrs. Martyn, Miss Dorothy Crouse; Mr. and Mrs. Wheeler, Grayson Peters and Miss Mary Ramer; Bobbie and Cora Wheeler, Fred Pfeffer and Miss Helen Pfeffer; Violet Pinney, Miss Melva Heiges; "Clarence," Brady Armour; Della, Miss Ellen Tipton; Dinwiddie, Murray Miller and Hubert Stem, Horace Armour.

Clarence has no medals, no shoulder bars, no great accomplishment. One of the "five million," he served where he was sent—though it was no farther than Texas.

Now, reduced to civil life and seeking a job, he finds a position in the home of one, Wheeler. And because he'd "been in the army" he becomes guide, philosopher and friend to the members of that same agitated and distracted family group. Clarence's position is an anomalous one. He mends the bathroom plumbing, he tunes the piano, he types off stage—he plays the saxophone. And around him revolves such a group of characters as only Booth Tarkington could offer.

"Clarence" is a real delight. It is as American as "Huckleberry Finn" or pumpkin pie.

Marine Camp Plans Developing.

Another step has been taken toward camp here in June for the Marines. General Butler, commander of the large detachment of Marines at Occoquan, Va., upon recommendation of Capt. Davis, who inspected and favorably reported the battlefield, has requested Col. E. B. Cope, chairman of the Gettysburg National Park Commission to recommend to the War Department that the Marines be allowed to camp ten or fifteen days in June at Gettysburg.

Col. Cope has recommended to the War Department that such permission be granted, and there seems to be no reason why the War Department will not approve the recommendations.

The Marine camp would bring between four and five thousand men to Gettysburg, completely equipped with airplanes and modern accoutrements. They will require about fifty acres of land and it is likely would choose the site of Pickett's charge, where other camps have been held.

Escaped Injury in a Wreck.

Harry J. Van Dyke of Butler township was in a smash-up last Saturday and was most fortunate to escape without personal injury. He was driving a Ford car eastward on West Middle Street and saw a freight train near the street and it was not moving. As he got nearer the railroad crossing the train began to move but it was too late to cross the tracks or stop, so he turned southward, one of the wheels of his car inside the car tracks. The train did not stop and struck his car and pushed him about 100 feet further. When he saw the car approach the crossing of the run, he jumped and landed in the run and drenched he crawled out hurriedly and a moment later the car fell into the run on the spot he had fallen. The car was a complete wreck. Mr. Van Dyke escaped injury and the consequences of a cold bath were escaped by a drying and loan of a suit by J. B. Wineman.

FOR LEGISLATURE

J. CALVIN RUDISILL

Of Mt. Joy Township.
Your vote at the Democratic primaries May 16 will be appreciated.

FOR LEGISLATURE

GROVER C. MYERS

Gardners, Tyrone Twp.
Your vote at the Democratic primaries May 16th, will be appreciated.

FOR GENERAL ASSEMBLY

ELMER B. LAU,

Of East Berlin.
Subject to the decision of the Democratic Primary to be held on May 16th, 1922.

Your support and influence will be very much appreciated.

Clean-up Week Suggestions.

Begin on the inside.
Clear out the attic. You will find things you had forgotten, throw them out.

Don't hoard rubbish.

Sweep, dust and scrub.

Soap and water properly applied to wood work discourage disease germs.

Open your doors and windows and give the fresh air and sunlight a chance to do their bit.

Clear out the rugs, bottles and old papers. Beat the carpets and rugs.

Clear out the cellar; wash the cellar walls and whitewash with lime.

Look over the roof gutters, flower pots, cisterns, wells, rain barrels and drains for places in which water may stand. Standing water breeds mosquitoes.

If you have no stand for the garbage can, make one that will clear it several inches from the ground. See that the garbage can doesn't leak and that it has a tight fitting lid.

Make wells and cistern safe by proper protection against surface drainage, dust and insects.

Stop up the rat holes and set rat traps.

Rake the lawn; as a matter of fire protection it is better to burn small rubbish in stoves.

Stables and stable yards should be cleaned and manure hauled away.

The ground, upon which manure heaps rested should be sprinkled with a solution of borax, 1 lb. to 3 gals. of water or with kerosene oil.

Privies should be inspected to see that they are fly tight.

Doors and windows should be screened.

The committee should insist that all buildings in which crowds congregate should be included in the clean-up.

Refuse should be hauled to a dump and either burned or buried.

No dump should be located on a water shed.

Fertilization of Fruit Trees.

The fertilization of bearing fruit trees is as important as the pruning operation. Some fruit growers believe that pruning will produce good crops regardless of other orchard operations. But in order that fruit buds might have a fair chance to form, proper soil management must be practiced, according to County Agent Hoffman.

If the trees are cultivated properly that is, cultivated before any growth of vegetation takes place in the spring, and continued until about July 10, then on soils of medium fertility, apple trees should require no application of fertilizer. But when the trees are in sod it will be absolutely necessary to apply some form of nitrogen bearing the fertilizer. Sodium nitrate has been found to be about the most effective per unit that can be applied.

For old bearing trees in sod, about six or seven pounds of sodium nitrate applied about ten days before blossoming will give good results in growth of these old trees. This should be applied in a ring around the old tree, not closer than five or six feet to the trunk and extending out a little beyond the spread of the branches. Such application may also directly affect the set of fruit the same season it is applied.

Messrs. Charles Gardner, Edgar Myers and Charles Hykes have gone to Saskatchewan, Canada, where Mr. Gardner owns a large wheat farm. Park Gardner took them to Harrisburg in his automobile on Wednesday last.

FIGURING ONE'S INCOME TAX

Directions That May, or May Not, Be Helpful in Making Out a Correct Return.

In the direction of helpfulness the Winstead Saturday Night suggests that if your income is \$2,400 a year and you have a diamond ring and an automobile and are married to a brunette girl twenty-six years old, you take the amount of your income, add your personal property, subtract your street number, multiply by your height, add your wife's height and divide by your telephone number.

You will then carry your minus, separated from your plus, to schedule G, on the tenth line of which you put subtract the multiple, which you put on line X, schedule K, entering in column A.

If you have a child in the family subtract \$200 from your income, add the amount of your personal property, multiply by your waist measure, subtract the size of your collar, add the child's age, multiply by the amount you have given the church during the year and divide by the number of your automobile license tag.

If there are two children you deduct \$400 from your income, add the weight and age of the second child, divide by the date of your birth, multiply by the size of your hat and subtract the weight of your mother-in-law.

The result of the above computation should be carried to line VIII, schedule I, after deducting from the total of G, P, and A, and adding F, C and L, carrying it to column D, which will cover all taxation except the normal and surtax.
